Be Kind to One Another

Capo 4th fret

© 2009 Mary Jane Shannon Elementary School, Surrey, BC & Lowry Olafson

```
          C
Chorus:   Be kind to one another
              F
          Beginning with yourself,
                   G                              C
          'Cause that's the way to make a brighter day.
                        C
          When we're kind to one another,
               F
          The world's a better place
                G                          C
          And each of us can lead the way.

            G
Our school's a wonderful place
      C
To laugh and learn and play
      G
We run outside at recess
          C
With a smile on our face.
Am                    G
Here at M.J. Shannon, everyone is welcome
G                              G
This is what you'll hear us say…
```

Chorus

```
       G
The teachers help us learn
        C
And make us feel at home.
     G
Together we're unstoppable
      C
We never feel alone
Am                    G
Here at M.J. Shannon, friends are all around you
    G                             G
A place that we can call our own…
```

Chorus
