C F G
When I met you on the street, I hardly even knew you,
C F G
And now we're best of friends, we've got so much to share.
Am F G
We like to do the same things, laugh and play together,
G C
And now, we're best friends forever.

Chorus: F C
We're best friends, we're best friends,
G C
We're best friends, best friends forever.

(Repeat)

C F G
We come from different places, we come from different cultures,
C F G
But now we know each other for who we really are.
Am F
We're different on the outside, but our hearts are joined together,
G C
And now we're best friends forever.

Chorus
C F G
When you get to know someone, that's just the beginning,
C F G
You might make a friend for life, to be there by your side.
Am F
Someone you won't forget, can't get any better,
G C
Than when you're best friends forever.

Chorus X 2
