```
                    F                C
Chorus:     We're living life, as it is,
                       G                    C
            Here in Kaleden, with all our friends.
                        F                        C
            And we're having fun, just being kids,
                         G                C
            Yeah, we're living life, as it is.

      G                        C
The lake is cool when the sun is hot.
      G                        C
We love to swim at the beach a lot.
F                              C
Ice cream sundaes with a cherry on top,
         F                      G
That's how we spend our summer.

Chorus

    G                                  C
At school, we learn and laugh a lot,
G                                  C
We're all reaching for the top,
        F                    C
We're grateful for the life we've got,
   F               G
Kaleden is our home.

Chorus
    G           C
Kaleden is a special town,
G                      C
Deer and blue jays all around,
      F                    C
We wake up to a the nature sounds
    F                     G
In peace and harmony.

Chorus
```
